## Bacom Point Speed To Remain At 35

After six months of protest against the State Road Department's proposal to increase the speed limit on Bacom Point Road (SR 715) within the city limits of Pahokee from 35 to 45 miles per hour, the City has finally won its argument, according to Mayor F. S. Parrish, who on Tuesday received a letter from William Killiam, chairman of the SRD Board, in which Mr. Killiam stated SRD is dropping its proposal for a speed limit increase on this street.

The City Council twice turned down requests by district SRD officials for a 10 miles per hour speed limit increase on Bacom Point Road before passing a resolution last month in vigorous protest and sending a copy of the resolution, together with a petition of protest signed by residents of Bacom Point Road, to the SRD Board in Tallahassee.

In learning of the decision of SRD, one of the residents who signed the petition commented, "We are very happy SRD was able to appreciate our viewpoint in this issue in which we sincerely believed public safety to have been at stake."

### Leamon Andrews In Co. Board Race

Leamon Andrews of Lake Worth issued the following announcement:

After long, careful consideration and discussion with many friends and business associates, I have decided to become a candidate for

LEAMON ANDREWS

membership on the Board of County Commissioners of Palm Beach County, representing District 3, subject to the Democratic Primary, May 3, 1960.

I firmly believe that the county should be run on a business-like basis and, of course, it follows that this can best be accomplished by experienced businessmen. I feel qualified to serve in this position because of my business experience during the past sixteen years as a service station operator, tire distributor, and car dealer in the same location. I was one of the organizing directors and still serve as a director of the Commerce National Bank.

I came to Lake Worth, with my wife, on July 4, 1944, while still a member of the Air Force, stationed at Boca Raton. I was honorably discharged in February 1946. Immediately, I purchased a one-half interest in Falk's Service Station at 132 North Federal Highway, Lake Worth, which has continued to be my business address. I also established permanent residence and now reside at 1708 - 12th Court North, with my wife, Betty, and three daughters, Jeanne, 14, Mary Jane, 10, and Joanne, 6.

I have always taken an active part in civic and fraternal affairs. In 1947, I became a charter member of the Lake Worth Jaycees. In 1947, I was a charter member and first President of the Exchange Club of Lake Worth. In 1949, and again in 1954, I was the recipient of the Junior Chamber of Commerce "Distinguished Service Award", an unusual achievement, being a two-time recipient. In 1955, it was my honor to be entered in the "Book of Golden Deeds" by the Exchange Club for outstanding community service. In 1956, I was awarded a commendation from the Chamber of Commerce for Meritorious Community

Service. During the same year, I flit of interest, I further pledge that during my tenure of office, I shall not apply for a real estate license, nor will I engage in the real estate business.

"As always, I will seek advice and study each given situation before acting. Under no condition will I deviate from the principles of our democratic form of government, and will always express myself as an Independent representative of the people."

If elected, I pledge that enough of my time will be devoted to the Board to accomplish real and fair representation for all the people. Because of the probability of con-

Mr. and Mrs. Elmer Maxson were hosts at a reunion of the Parker family at their home in Canal Point. *Uncle Sam made the bonds you own  
an even better bargain!*

# Now your maturing Series E Bonds can earn interest 10 more years at 3%

PRESENT TREASURY REGULATIONS make it possible for you to collect a return of as much as 80% on the Series E Savings Bonds you already own!

For now those Bonds which you invested in 10 years ago can go right on earning interest for ten more years without your doing a thing about it! That is true not only of the Bonds which you have held for ten years, but any other Series E Bonds which you have invested in in the meantime. And any Series E Bonds which you obtain now will also enjoy the extended earning period. They will start earning interest sooner and mature earlier, too, paying 3%, compounded semiannually.

The Bond you got for \$18.75 can now pay you \$33.67 . . . a \$37.50 Bond will be worth \$67.34 . . . and so on.

Of course, any Series E Bond may still be redeemed at any time after you have held it for two months. But, like any other form of saving, your Bonds will mean a great deal

more to you if you can hold on to them.

Are you one of the millions of Americans who are saving regularly with Savings Bonds through the Payroll Savings Plan? If you're not, why not start now? Invest regularly in Bonds through the Payroll Savings Plan where you work. Ask your pay office to save as little as 25¢ a week for you, or as much as you are able.

If you can save just \$5 a week regularly through the Plan, in five years you will have \$1,867.90 . . . in 9 years and 8 months, you'll have \$2,850.70 . . . and in 19 years and 8 months, \$6,872.45! This Plan is one sure way to save because it saves something out of every check before you have a chance to spend it.

So join the Payroll Savings Plan where you work today. Or, if you are self-employed, start the Bond-A-Month Plan where you bank. It's safe, it's sure, it's automatic. And you will be helping yourself and your country!

If you want to be paid  
your interest as current income—  
invest in 3% Series H

If you want a good, sound investment which pays you your interest by check every six months, ask at your bank about United States Government Series H Bonds. Series H is a new current income Bond available in denominations of \$500 to \$10,000. Redeemable at par after 6 months and on 30 days' notice. Matures in 9 years and 8 months and pays an average 3% interest per annum if held to maturity. Interest paid semiannually by Treasury check. Series H may be purchased at any bank, annual limit \$20,000.

**IN THIS WORLD**

ALTHOUGH COSMETICS MAY HAVE ORIGINATED IN THE EAST, SUBSTANTIAL RECORDS IN THE FORM OF CARVED COSMETIC CONTAINERS PROVE ITS WIDE USE IN EGYPT AS EARLY AS 5,000 B.C.

THE ANCIENT EGYPTIANS WERE PROBABLY THE INVENTORS OF THE PUBLIC BATHS WHICH LATER BECAME SO POPULAR AND WERE CONSTRUCTED ON A GRAND SCALE AS PART OF THE GREEK AND ROMAN CULTURES.

DURING THE MIDDLE AGES, BATHING BECAME A PRIVATE AND COMPLICATED AFFAIR, ONE WHICH WAS NOT OFTEN INDULGED IN AND PEOPLE USED AROMATICS TO CONCEAL BODY ODORS CAUSED BY PERSPIRATION.

MODERN SCIENCE HAS ELIMINATED THE USE OF PERFUMES AS A COVER UP BY DEVELOPING SAFE DEODORANTS SUCH AS MUM THAT STOP BOTH ODOR AND THE ACTION OF ODOR-FORMING BACTERIA.

## Christian Science Group Of Canal Point

Spiritual treasures are available to all—this is a theme of the Lesson-Sermon entitled "Substance" to be read at Christian Science services Sunday.

The divine source of true substance will be brought out in passages to be read from the Bible, including the following:  
 "Treasures of wickedness profit nothing; but righteousness delivereth from death. The Lord will not suffer the soul of the righteous to famish; but he casteth away the substance of the wicked."  
 The blessing of the Lord, it maketh rich, and he addeth no sorrow with it" (Proverbs 10:2, 3, 22).

"Science and Health with Key to the Scriptures" by Mary Baker Eddy, the following will be read (451:14): "Man walks in the direction towards which he looks, and where his treasure is, there will his heart be also. If our hopes and affections are spiritual, they come from above; not from beneath, and they bear as of old the fruits of the Spirit."

If you think you can't own the home of your dreams because the down payment's too steep, chances are you've never tried the Payroll Savings Plan. Because this is the easy, automatic way to meet any down payment—for a home or any large purchase.

Just do this: Sign a Payroll Savings application at your pay office, naming a certain sum to be kept aside from your pay before you get it each week—a few dollars or as much as you want. After that, you're saving automatically—nothing to worry about, nothing to do. And, best of all, the money saved out of your pay each week is automatically invested for you in U. S. Savings Bonds.

Because Savings Bonds earn solid interest—3% cumulative semiannually when held to maturity

—the few dollars saved from your pay each week soon grow into big generous amounts. For instance, if you sign for \$12.50 a week, in just five years you'll have \$3,348.95 cash. In 9 years, 8 months, you'll have \$7,217.20!

So don't let down payments get you down. Meet your needs for ready cash the way more than 8 million other Americans are meeting theirs—join the Payroll Savings Plan today. Or, if you're self-employed, invest in Bonds regularly where you bank. Start now to make your dreams come true!

Check any of the five handy, handsome new models at your dealer's. You won't find these versatile advantages in any other wagon near Chevy's size and price!

- Widest seating, front and rear—up to a full 3.1 inches wider in front, up to 4.2 inches in the rear.
- Widest cargo area—the load platform's a whopping 5½ feet wide, designed for a wider variety of cargo.
